D BONN01	<p>- The Institute of History of the University of Bonn does not have any official language requirements. - The geographical department doesn't need official requirements for German language skills for incoming students; of course it is necessary for foreign students to have a good understanding in German language to participate in the courses.</p>
D BONN01 (Steinmann-Institute - Geosciences and Geodynamics/ Geophysics)	<p>There is no specific language proof required but please remember that except for one class held by Prof. McCann and classes held by Prof. Miller all other classes are being held in German. A profound knowledge of the German language is imperative in order to follow classes.</p>
D DORTMUN01	<p>Since most of our courses are taught in German, it is necessary that ERASMUS students have a good knowledge of German when they arrive. In addition to fresh up their German skills we offer a 4-week intensive German Course for students of all levels. We highly recommend that students take part in this course, no matter what their level of German is. An official proof of their language skills is not required at TU Dortmund University.</p>
D DUSSELD01	<p>Erasmus applicants to Medicine in Düsseldorf should send together with their application form a language certificate from an authorized Institution. In none of our faculties we have courses in English as medium of instruction, so all courses are taught entirely in German. The University Language Centre offers German a broad spectrum of German language courses on all levels, but the progress which can be achieved in one semester however is limited. Students with none or basic level of German will not be able to follow the course, are shy to interact with lecturers and administration and therefore will not earn the necessary 30 credit points. We are looking forward to welcome well prepared students with at least medium level knowledge of German.</p>
D FRANKFU01	<p>We ask the coordinators of the home universities, to attest (by stamping and signing the printed out version of the online application form) that the student has "knowledge in German sufficient for study". Another type of documentation is not needed.</p>
D FREIBUR01 (DENTAL CLINIC)	<p>At the dental clinic we require to speak and understand German fluently. Foreign students have to pass multiple choice and open question test as well as oral examinations. To attend clinical courses students have to communicate with the local patients. We do not require a certification but if there is no knowledge of the German language, students can only attend lectures.</p>
D FREIBUR01 (GERMAN DEPARTMENT)	<p>A student who wants to attend successfully a seminar or a lecture in our Department has to have at least knowledge of German on the level C1 of the Common European Framework of Reference for Languages.</p>
D FREIBUR01 (Faculty of Medicine)	<p>Freiburg does not have official language requirements, but as our students undergo much practical training with direct patient contact and our lectures/exams are in German only, the students must be able to communicate in German in order to be able to participate properly.</p>
D GREIFS01	<p>The University of Greifswald does not have an official level of language requested from ERASMUS applicants. However, the language of instruction is German, so a good level of German is recommended.</p>
D HAMBURG01	<p>The incoming Erasmus students should have sufficient language knowledge to follow the lectures in German, that means at least B1 level of the European language level.</p>
D JENA01	<p>There are no German language requirements for ERASMUS students at Jena university. Students should have such a level in German that it will make sense to study here. So we only ask the students on the application form about their language level.</p>

D KAISERS01	<i>(Faculty of Business Studies and Economics) For Erasmus Students there are no official requirements for the level of language knowledge. But they should speak English or German.</i>
D KASSEL01	<i>The University of Kassel offers depending on the study programme a different amount of english taught courses and lectures, beside the German taught courses. Still the students need to have some German language knowledge otherwise they won't really profit from their exchange experience. But there is no language proficiency test for exchange students.</i>
D KIEL01	<i>When ERASMUS-students apply for a place in Kiel they undersign in their application form that they have a basic knowledge of the German language (lessons of minimum 250 hours). They don't have to submit a special certificate to give proof of that. For all Incoming students we offer a language course in parallel to the semester (4 - 6 lessons per week). This course is for free. Additionally we offer a language crash course in September (4 weeks, 490,- EUR for lessons, excursions and some extra programme).</i>
D KONSTAN01	<i>None</i>
D KREFELD01	<i>Students taking part in project work, practical work or research work should have basic knowledge in German. Students following lectures in German language should have good knowledge in German (level B2).</i>
D MARBURG01	<i>Philipps-Universität Marburg does not have a general requirement of language knowledge for Erasmus students. The recommended (inofficial) level of language knowledge depends on the subject of studies and the percentage of courses offered in other languages. We offer pre-session language courses in German for all Erasmus students (<a href="http://www.uni-marburg.de/sprachenzentrum/lehrangebot/ladaf/dafiks/IKDaF">http://www.uni-marburg.de/sprachenzentrum/lehrangebot/ladaf/dafiks/IKDaF</a>). Erasmus students only pay 100 Euros for a 4 week-course including excursion, materials, etc.</i>
D MUNCHEN01	<i>To apply for an Erasmus exchange at the Ludwig Maximilians Universität, München, there is no formal language requirement but students should have a good knowledge of German if they wish to attend classes and participate in course work. Very few courses are offered in English. The entry requirements for Medical students are much stricter: Besides the application form we need the Proof of level in German language for students, who study human medicine, animal health or dentistry at the LMU and of those, who do a laboratory.</i>
D MUNCHEN02	<i>Most of the classes offered at the TUM are held in German, so if students don't understand German properly they will have a problem studying here.</i>
D MUNSTER01	<i>We do not have any official language requirements for ERASMUS exchange students at the University of Münster. However, as virtually all courses in Münster are held in German, we do strongly advice exchange students to have sufficient German skills in order to follow academic lectures.</i>
D OLDENBU01	<i>The University of Oldenburg does not offer language courses for beginners. Language courses for exchange students are offered at B1 level - (according to the European framework of languages). This corresponds to about 600 hours of German. Exchange students can avail of an intensive German preparatory course (called Brückenkurs) before the start of every term. This course consist of 90 hours of instruction and costs Euro 170. Students can continue with German during their exchange period. The language centre will be holding a placement test in order to determine the exact level. We don't require any documentation of the students language level in their application.</i>
D PASSAU01	<i>The University of Passau requires a basic level of German knowledge and a proof of this knowledge (as mentioned in our application form). This is necessary because nearly all of the classes here at the University of Passau are taught in German.</i>
D POTSDAM01	<i>It is not necessary to prove German language proficiency prior to studying at the University of Potsdam. We assume that your German language proficiency has been tested by your home university.</i>
D SAARBRU01	<i>We do not request any specific test to be taken. However, we expect our incomings to have a sufficient knowledge of the German language in order to follow the courses here (99 % of our course offering is in German).</i>
D TUBINGE01	<i>Basic knowledge of German. We do not ask for language certificates but almost all regular university classes are in German and the special classes created for exchange students at the German Language and Intercultural Programs start at an intermediate level. We do not offer German beginners classes at the university.</i>

D ULM01	<i>We currently have no formal requirements for language proficiency. Students should have "adequate" knowledge of the language of instruction in order to follow classes. As our exchange is in the field of electrical engineering, students can choose classes from the German-taught Bachelor and Master-Programs, and, if their level is sufficient (at least 3rd year students) they may also choose courses from the English taught Master program in Communications Technology. The students should know basics in German. If they want to improve their German, we offer different courses.</i>
D WURZBUR01	<i>Exchange students coming to Wuerzburg University should already have a good knowledge of German (B). Courses are mainly taught in German, so they have to be able to follow them. An Intensive Language Course is offered prior to the lecture period. It is free of charge for exchange students. Students do not have to send a language certificate when applying</i>
D ZWICKAU01	<i>For ERASMUS exchange students we do not have formal language requirements, such as TestDAF (test of German as a foreign language). This is valid just for full-time students. Anyway, the exchange students should be able to follow the lectures and seminars held in German, write essays and sit and pass the one or other written or oral examination.</i>
DK ALBOR01	<i>English Language Requirements: - verified IELTS score report with a minimum score of 6.5 (or authenticated results of equivalent test. LLP Erasmus/Exchange students may enclose a letter from their home university confirming the level of English proficiency*). *Please note that the official required English proficiency test at AAU is the IELTS test and therefore, the professors/study coordinators may admit you on condition that you pass an IELTS regardless having already submitted the results of another English proficiency test.</i>
DK KOBENHA01	<i>The University of Copenhagen does not have any specified requirements regarding English proficiency for exchange students. Please note however that the Film and Media department is the only department who requires TOEFL/IELTS: Toefl Internet-based 79-80 Toefl Computer-based 213 Toefl Paper-based 550 IELTS: minimum score of 6.0.</i>
EE TARTU02	<i>Exchange students, whose primary language is not English, must meet level B2 requirements for English proficiency according to the Common European Framework of Reference for Languages. For the requirements, please see here European Levels - Self Assessment Grid <a href="http://www.ut.ee/378644">http://www.ut.ee/378644</a> . Documentary evidence is needed to demonstrate the student's English language proficiency. It can be: an official proof by a language instructor of your university stating that student's English skills are sufficient to study abroad; if students have taken any international test of the English language (TOEFL, IELTS, etc.), they can send us a copy of the test score.</i>
F ANGERS01	<i>The level of French depends of the course selected by the students. It has to be checked with the referent teacher who will assess the level in connection with the diplomas' demands.</i>
F CLERMON02	<i>(Sciences): Almost all the courses are in french language, so the students who apply for a training period at Blaise Pascal Universty in sciences topics have to understand and speak french language if they want to attend courses. If they want to have a training period in research laboratory only without courses, they have to speak and understand either french or english.</i>
F DIJON01	<i>None</i>
F GRENOBL01	<i>Previous knowledge of French language highly recommended. Courses are taught in French. Certification by French teacher at home university or by Alliance Française can be useful.</i>
F MARSEIL03	<i>(Faculté de Droit) We don't have any official requirements for the level of language knowledge of incoming students . However, they need to have a good knowledge, because all lectures are in french, in amphitheatre with a lot of students (400 - 500).</i>
F MONTPEL10	<i>We require from Erasmus applicants at least an A2 level according to the European scale, better B1 (especially if the students want to attend Master 2 classes which corresponds to our specialization year). A test is sent to every applicant, assessed by the head of our Language Department, and an oral test of 5' by phone is organized by us between the applicant and the head of language department.</i>
F NANCY02	<i>Incoming erasmus students must have a basic knowledge of French, as almost all our courses are given in French. These requirements are checked at the application stage. Incoming students must sign a certificate of knowledge in French language, undersigned by their home university.</i>

F PARIS003	<i>We admit all your selected students in a specific field, based on the fact that they have sufficient proficiency in the French language to follow lectures and write academic papers in what is a foreign language for them; we do not have French courses for beginners; specific classes for Erasmus students are offered to strengthen their skills and methodology.</i>
F PARIS004	<i>Students coming to our university must have an average level of French language (B1 – B2) which allows them to understand spoken language during courses. They should have enough notions of written French to participate in exams. Two years of study during College would be the requirement. We offer French courses to Erasmus students in order to improve their level of French but not for beginners. A student with no notions of French would be lost and fail his(her) exams.</i>
F PARIS005	<i>There is a theoretical level of language mentioned on the website <a href="http://www.univ-paris5.fr/spip.php?article2721">http://www.univ-paris5.fr/spip.php?article2721</a>, but there is no general rule. The requirements may vary according to the field of studies. This has to be seen directly with each faculty and departmental coordinator. You may therefore consider that there is no "official" French language requirement for incoming students at Paris Descartes.</i>
F PARIS005 (Faculté des Sciences humaines et sociales)	<i>Attestation de niveau en langue française ; Cette attestation peut être un diplôme de langue française (DELF ou DALF) ou un test de connaissance et de pratique de la langue française (TEF ou TCF).</i>
F PARIS011	<i>We have not official requirements for the level of french knowledge, but it's obvious that students must have a minimum of practice otherwise they cannot understand the courses, even after the intensive french course at the beginning of september.</i>
F PARIS012	<i>We don't have official requirements for the level of language of incoming students. Anyway, Erasmus students must have at least an intermediate level of French. The DELCIFE, our institution, doesn't offer courses at beginners level, so it will be difficult for a student to carry out successfully a semester of studies if he comes here without speaking a little bit of French.</i>
F PARIS270	<i>We ask for a good level of English for programmes in English and a good level of French for programmes in French. We request from the student the Language Proficiency Report to be filled by his/her language teacher (online <a href="http://www.devinci.fr/ri/incoming/guide.html">http://www.devinci.fr/ri/incoming/guide.html</a>). <a href="http://www.unipg.it/ricerca/wwwnew/universita/SbarramentiLinguisticiDocumentiAggiuntivi/F_PARIS270_BIS-Language_Proficiency_Report.pdf">http://www.unipg.it/ricerca/wwwnew/universita/SbarramentiLinguisticiDocumentiAggiuntivi/F_PARIS270_BIS-Language_Proficiency_Report.pdf</a></i>
F RENNES02	<i>We do not have any official requirements, however, your students have to speak French good enough to be able to follow our courses (taught in French).</i>
F RENNES011	<i>Les cours à AGROCAMPUS OUEST étant dispensés en français, il est nécessaire que les étudiants non francophones fournissent dès l'acte de candidature une attestation de langue française (TCF, TEF, DELF ou autre). Le niveau minimal requis et attesté sera supérieur ou égal à B2.</i>
F STRASBO01	<i>All courses are in French so students are expected to have a sufficient level of French to attend courses. We do however offer free courses for students who already have some knowledge in French; these courses are a great help for them.</i>
F ST-ETIE17	<i>Our incoming students must have sufficient knowledge in French as all our courses are taught in French.</i>
F TOULON01	<i>Our institution has no official requirement for our Incoming Erasmus students in respect of language level. However, in order to be successful in their studies, we strongly recommend that students have a command of the French language which will enable them to follow courses.</i>
G ATHINE01	<i>None. Greek language courses, which will enable students to understand and read the Greek language, are offered free to Erasmus students</i>
G ATHINE04	<i>Evidence of English Language Competence equal (or higher) to Level C1 of the Common European Framework of Reference for Languages, as attested by the following certificates: a.. Cambridge Certificate in Advanced English (CAE) or higher; b.. International English Language Testing System (IELTS): score 6.0 or above; c.. Test of English as a Foreign Language (TOEFL): score 550 or above [paper-based] / 213 or above [computer-based] / 79 or above [internet-based]</i>

G IOANNIN01	<i>It would be desirable for the incoming students to know Greek, but it is not obligatory. The language of instruction is Greek; however, incoming Erasmus students usually carry out assignments in English and furthermore, most members of the teaching staff offer tutorials in English to many incoming Erasmus students. Adequate Library material is in English and hence no student should have any problems in finding literature and any other material required. Almost all, if not all, people at the University and in the country in general speak English and nobody should have any communication problems. However, this presupposes that the student's proficiency in the English language is at an adequate level. All Erasmus students may follow courses in Greek language at the Center for the Study of the Hellenic Language and Culture (free of charge). They may also apply at their home university for an EILC grant, since our University is one of the three Greek Universities to organize these summer courses.</i>
G THESSAL01	<i>The school of Law offers a cycle of courses in the English Language for Erasmus students. For all the other areas of studies mentioned in our bilateral agreement, the student must either speak Greek or make personal arrangements with the responsible Professor about the courses that the student wants to attend in the English language. In this case the courses are being taught to the student on a tutorial basis: The student is being given the bibliography of the course in the English language, is being supervised and helped personally by the Professor of each course and finally he/she takes exams also in the English language.</i>
G VOLOS01	<i>None</i>
HU BUDAPES03	<i>Although we do not require any TOEFL etc. scores, all the exchange students must have a very good knowledge in English.</i>
HU DEBRECE01	<i>(Medical and Health Science Center of the University of Debrecen) We offer full tuition in English for students of medicine, dentistry and pharmacy, so a good level in English is required. (B1 level of Common European Frame of Reference). At the clinics, all doctors speak English, and some also German, and they explain the students the cases. We do not ask for an official documentation. Incoming Erasmus students are not required to learn Hungarian, but are also offered the courses.</i>
HU GODOLLO01	<i>University Intermediate/B2 level or equivalent is required. Students need to be able to communicate, understand lectures and instructions, take notes and prepare presentations in English at intermediate level. We accept TOEFL, Cambridge and similar internationally recognized certificates. If the student has not taken any of these exams, but has the required level of English, we accept certifications issued by the sending institution stating the level of the student's knowledge of English.</i>
HU SZEGED01	<i>We don't ask for documentation about your students' foreign language skills but in order to be able to attend courses and pass exams they should be at upper-intermediate level in English.</i>
IRL CORK01	<i>None (good level of English, of course)</i>
IS REYKJAV01	<i>The University of Iceland does not request a TOEFL score or similar but we trust our partners to only nominate students with a very good knowledge of the English language.</i>
LT KAUNAS01	<i>Our university requires any proof of English language from all incoming international students.</i>
LT KAUNAS05	<i>None</i>
LT KLAIPED01	<i>None</i>
LV RIGA02	<i>None</i>
LV VALMIER01	<i>We require incoming students to submit Europass Language Passport when they apply. See: <a href="http://www.va.lv/node/486">http://www.va.lv/node/486</a>. In this document students describe their knowledge in English that we take into account when considering the applications. However, it is never been a reason for refusal, though it is important for us that students are aware that their knowledge must be sufficient to follow lectures and fulfill the course assignments including examination in English (so, the language level should be at least B1, but preferably B2 and higher).</i>
MT MALTA01	<i>A declaration from the Home Institutional Erasmus coordinator stating that the nominated student has a good command of the English language, is able to write assignments in English and is able to follow lectures in English with profit. No particular concessions are allowed to students whose level of English is lower than expected. If you are interested in following an Intensive English Language course prior to the start of the semester, you may contact the International School of Languages at the University of Malta: <a href="http://www.muhc.com.mt">http://www.muhc.com.mt</a>.</i>

N OSLO01	<p>A good command of English is required of all students attending the University of Oslo. You will find more information regarding our language requirements on the following website:  <a href="http://www.uio.no/english/academics/admission/requirements-english.html">http://www.uio.no/english/academics/admission/requirements-english.html</a>  Please note that we do not require Erasmus students to undertake one of these tests, due to the Commission's Erasmus Regulations, but we do expect them to have a sufficient English proficiency.</p>
N TRONDHE01	<p>We expect that international exchange students have sufficient language skills to communicate in English (both orally and written) at an academic level prior to their arrival in Norway.  The normal language of instruction at NTNU is Norwegian. Exchange students are recommended to apply for the intensive Norwegian language course, which are held for 3-4 weeks during the summer, prior to the start of the semester. The intensive summer course will enable you to follow lectures in Norwegian language. The EILCs (Erasmus Intensive Language Courses), a scheme supported by the European Commission, are specialized courses in the less widely used and less taught European Union languages and the languages of other countries participating in Erasmus. The EILCs give Erasmus students the opportunity to study the language of the host country. The application form for the intensive summer courses at NTNU is at:  <a href="http://www.ntnu.no/portal/page/portal/eksternwebEN/studies/allstudies/langcourses/is_norwegian_language_courses/is_inensive_summer_course?menuSectionId=8244">http://www.ntnu.no/portal/page/portal/eksternwebEN/studies/allstudies/langcourses/is_norwegian_language_courses/is_inensive_summer_course?menuSectionId=8244</a>  For your information, NTNU offers 27 different international Master's programs, where the language of instruction is English. Master's courses under these programs are therefore taught in English:  <a href="http://www.ntnu.no/portal/page/portal/eksternwebEN/studies/allstudies/intmasprogs?menuSectionId=6045">http://www.ntnu.no/portal/page/portal/eksternwebEN/studies/allstudies/intmasprogs?menuSectionId=6045</a>  Lectures in courses where Norwegian is the language of instruction may occasionally be given in English, especially if exchange students are attending the course. Examinations will be arranged in English. Textbooks are generally in English. If not alternative titles in English will be recommended. Project work can always be supervised in English.</p>
NL AMSTERD01	<p>Most exchange students will take courses taught in English. We expect exchange students to have good skills in listening, reading, speaking and writing. Students who do not possess an official language test are asked to make an online digital assessment of English. The score of this assessment is followed by an oral assessment.  The outcome of these assessments determine on what level students can take courses (native speakers are exempted). If the online test shows that the level of English is too low we advise students to postpone their exchange.  Students wishing to take MA level courses or courses at the ISHSS have to submit the results of an IELTS or Cambridge certificate prior to arrival in the Netherlands. Please see <a href="http://www.hum.uva.nl/graduateschool">www.hum.uva.nl/graduateschool</a> for further information</p>
